## Commissioner for Patents

The timely submission filed on August 15, 2006 is not fully responsive to the prior Office action because the requirement for a sequence restriction was not met in the original restriction requirement mailed February 6, 2006. Since the submission appears to be a bona fide attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a).

Election of SEQ ID Nos. 11, 13, 16, and 17 is acknowledged and is proper. However, election of SEQ ID Nos. 40 and 41 in the CH probe group is improper because these SEQ ID Nos. are not found in the sequence listing of the application. Election of two SEQ ID Nos. belonging to the CH probe group and properly listed in the sequence listings is required.
